Autograph Intelligence™

EVERYDAY

Shamir **Autograph Intelligence™** has been specifically designed to match the physiological age of the eye, generally correlated with the patient's chronological age, or what we refer to as **Visual Age™**.

Benefits

- Utilizes 12 unique design concepts, blended into a singular, personalized solution just for your eyes
- Seamless transitions wherever you look
- Maximized clarity and focus between all visual fields, from far away to near, and everything in between

Who It's For

Anyone requiring smooth visual clarity and perfect focus among a variety of activities and vision distances

Really, anyone who wears prescription glasses can benefit from the proven technologies in **Autograph Intelligence™**

Personalized To Match Your Visual Needs
