

## FEATURED TASK SPECIFIC LENSES:

### **iForm™ WORKSPACE (DESK, OFFICE, CONFERENCE) SPECIFICS**

A lens for office and computer work, iForm™ Workspace lenses offer extremely wide intermediate and near vision zones. These lenses are made to comfortably position your neck and head to view the desk and computer clearly.

### **iForm™ DRIVE SPECIFICS**

Lenses designed for frequent drivers, the iForm™ Drive Specifics incorporates a night vision zone that compensates for refractive error difference between day and night, reduces visual fatigue, and has a wide visual zone.

PERSONALIZED PROGRESSIVE LENSES  
WITH DIGITAL RAY-PATH® TECHNOLOGY  
THAT OFFERS SUPERIOR VISUAL  
COMFORT

SCIENTIFIC ADVANCEMENT IS AN ENDLESS PROCESS AND YOUR EYEGLOSS LENSES ARE NO EXCEPTION.

### iFORM™ PROGRESSIVE

An ideal all-purpose lens that offers:

- Widest field of vision
- Smoothest transition from distance to reading
- Visual comfort that reduces eye strain and neck pain
- Helps improve posture
- Natural vision
- Customized to your lifestyle
- Task Specific Features

### iFORM™ CAMBER STEADY PLUS™

Provides an unbeatable visual experience that offers:

- Steady Plus Methodology
- Balances intermediate and near vision, providing symmetrical and smooth distribution
- Crisp vision at all distances
- Superior visual quality for viewing digital devices

### iFORM™ SINGLE VISION

The best digital SV lens that offers:

- Fully customizable lens
- Great for reading on digital devices
- Sharp vision in all gaze directions

## WHY PICK THE iFORM™?

### DIGITAL RAY-PATH® TECHNOLOGY

A foundational technology used in the iForm™ lens that offers the latest in lens personalization technology and helps customize for the individual wearer to reduce oblique aberrations in personalized and compensated free-form lenses.

### BLUE LIGHT OPTIONS

Our modern lifestyles have created new risks to our eye health. Harmful Blue Light (HBL), is naturally emitted by the sun, however we are exposed to it indoors like never before. Smartphones, televisions, computer screens, and fluorescent lights.

iForm™ is available with options to filter out HBL to reduce macular degeneration, cataracts, sleep disruptions, headaches, eye strain and discomfort, and other ailments.

### OTHER FEATURES

- RX compatible with high prescriptions
- Offers the least restrictions on frame style
- Is a great option for sports frames
- Distortion and Blurriness elimination
